1. Introduction

Welcome to **File Organizer Pro**, the ultimate tool for organizing your files efficiently and effortlessly. With just a few clicks, File Organizer Pro automatically sorts your files into folders based on file type, keeping your directories clean and organized.

2. System Requirements

To use File Organizer Pro, ensure your system meets the following requirements:

- **Operating System:** Windows 10 or 11 (64-bit recommended)
 - **Processor:** 1 GHz or faster
 - **Memory:** 2 GB RAM
 - **Storage:** 50 MB free disk space
-

3. Installation Instructions

Step 1: Download the Installer

- Download the FileOrganizerPro_Setup.exe file from the official source (Etsy store or provided link).

Step 2: Run the Installer

1. Double-click the FileOrganizerPro_Setup.exe file to start the installation process.
 2. Follow the on-screen instructions:
 - Accept the license agreement.
 - Choose the installation directory (default is C:\Program Files\File Organizer Pro).
 - Click **Install** to complete the installation.
 3. Once the installation is complete, you can launch the application from the desktop shortcut or Start menu.
-

4. How to Use File Organizer Pro

Step 1: Launch the Application

1. Open **File Organizer Pro** from the desktop shortcut or Start menu.

Step 2: Select a Folder

1. Click the **Select Folder** button.
2. Browse and choose the folder you want to organize.
3. Once selected, the folder path will be displayed.

Step 3: Organize Files

1. Click the **Organize Files** button.
2. The application will create subfolders (e.g., Images, Documents, etc.) and move files into their respective categories.
3. A success message will appear once the organization process is complete.

Step 4: Review Your Organized Files

1. Open the folder to verify the changes.
 2. Adjust manually if needed.
-

5. License Agreement

By installing and using File Organizer Pro, you agree to the following terms:

1. This software is provided "as-is" without warranty of any kind.
2. Redistribution or modification of this software without prior permission from 7 Streams Tech is prohibited.
3. You may use this software for personal or business purposes.

4. The publisher is not liable for any damage caused by misuse of this software.
-

6. Troubleshooting

Common Issues and Solutions

1. **The application does not launch:**

- Ensure your system meets the minimum requirements.
- Reinstall the software and try again.

2. **Files are not being organized:**

- Check if the selected folder contains files.
- Ensure you have permission to modify the folder contents.

3. **Antivirus software flags the program:**

- File Organizer Pro is safe to use. If flagged, add it to your antivirus exceptions list.
 - Contact support for further assistance.
-
